

Welcome to Jeepapalooza 2020. The past six years have been a tremendous success due to the hard work of the volunteers and the patience and understanding of the participants. Previous years have seen us increasing the number of participants exponentially. Due to the requirements of the Comox Valley Regional District, any event with over 400 participants, including volunteers, require permits event insurance and a bunch of other hurdles which added to the workload of the volunteers and incurred significant costs which came out of the funds raised by all the participants.

This year we will not be doing registrations the same way as previous years so please read and follow the registration instructions. We will not be cutting off registrations when we hit a certain number of vehicle registrations but rather, we will be cutting registrations off when we hit the maximum number of participants which is 400.

Send registrations or if there are any problems with registration, please email:
